

**HELLO!**  
from Martin Hodson, Minister

I think everyone will have noticed by now that the new church centre is up and running on St Peter's Drive. It's been great to have so many people from the parish calling in to have a look at the premises and get involved in some of the many activities that go on there. The recent Community Open Day was a great success and I enjoyed meeting many of the hundreds of folk who called in during that day.

I'd like to take this opportunity to give you a warm invitation to come along to any of the many events that take place at the church centre. There's a list of things that take place regularly on the next page. One of our aims is to help draw people together and build up community life.

Also I'd like to introduce you to some of the people you might meet at the church:
